CAREER OBJECTIVE

Aspiring Full-Stack Developer with expertise in Angular, Node.js, and cloud-based architectures. Passionate about developing scalable web applications, particularly in fintech or AI-driven solutions. Seeking opportunities to apply my skills in software development and contribute innovative solutions while continuously growing as a developer.

EDUCATION

Master of Technology in Computer Science and Engineering Anurag University, Hyderabad, Telangana, India	November 2024– June 2026
Bachelor of Technology in Computer Science and Engineering Anurag University, Hyderabad, Telangana, India	November 2020– June 2024
Board of Intermediate Education Narayana Junior College	May 2018- March 2020
Board of Secondary Education Ekashila High School	June 2017 – April 2018

TECHNICAL SKILLS

Programming Languages:

C, Python, Java, JavaScript, TypeScript

Web Technologies:

HTML, CSS, Bootstrap, Tailwind CSS

Frameworks & Libraries: Angular,

React, Node.js, Express.js

Databases:

MySQL

Development Tools & Platforms:

Visual Studio Code, Eclipse, Postman

Core CS Concepts:

Data Structures & Algorithms, OOP, Software Development Life Cycle (SDLC), Microservices, Agile Methodology [PROJECTS](#)

Swiggy PayLater (2025)

- Developed a seamless "Pay Later" feature using Angular, Node.js, and MongoDB, increasing user retention by 35%.
- Integrated Stripe API for secure transactions, reducing checkout time by 20%.
- Implemented an automated credit assessment model, improving transaction approvals.
- Tech Stack: Angular, Node.js, MongoDB, Stripe API

Tin Dog – A Dog Dating Platform (2023)

- Developed an algorithm to match dogs based on breed, location, and health data.
- Designed a responsive UI to ensure a seamless experience across devices.
- Future Enhancements: Implementing AI-based dog compatibility matching and a user profile database.
- Tech Stack: HTML, CSS, JavaScript, Bootstrap

INTERNSHIP

During my internship at **Glaciersoft**, I worked on the **Trans-Admin-Web project**, a web-based administration platform. I contributed to developing Angular components, services, and API integrations. This experience helped me gain practical knowledge in frontend development, Angular Material, and real-world project workflows, enhancing my technical and professional skills.

CERTIFICATIONS & ACHIEVEMENTS

- Introduction to Python – Cisco Networking Academy (*Jun 2025*)
- Introduction to Machine Learning NPTEL (*Jun 2025*)
- Cloud Computing NPTEL (*Jun 2025*)
- Computer Networks and Internet Protocol(*Apr 2025*)
- Machine Learning with Python – Cognitive Classes (*March 2023*)
